PhD program in Information Engineering (36th cycle)
Admission exams and agenda

10-11 November 2020: Evaluation of the candidate’s qualifications. Candidates will be evaluated based on the documentation attached to the application. This phase does not require the presence of the candidates. Only candidates who pass the evaluation with a score of at least 42/60 will access the second phase. The list of candidates admitted to the oral exam will be published at the link http://www.unirc.it/ricerca/scuola_dottorato.php

12 November 2020 at 9.30 am (CEST): Interview and English test via remote (videoconference) Skype connection for all the admitted candidates. The video interview, which is public, must ensure the reciprocal visibility and the creation and sharing of handwritten documents. The candidate shall exhibit a valid identification card. Candidates who do not show up will be considered as withdrawing from the exam. The oral test is an interview (in Italian or in English) which consists in the discussion of the candidate’s research project and titles and also includes verification of knowledge of the English language. A score of at least 42/60 is needed to pass the interview. The final ranking of candidates will be published at the link http://www.unirc.it/ricerca/scuola_dottorato.php

IMPORTANT: The candidates shall communicate their e-mail address and Skype contact (if not already specified in the application) to the email address of Dr Laura Lonetto (laura.lonetto@unirc.it) well in advance of the oral exam. Those who are interested in attending the (public) oral test shall send their request and Skype contact to the email address laura.lonetto@unirc.it and to the President of the admission jury.
