# ADVISORY BOARD OF THE PHD IN INFORMATION ENGINEERING

**D'URSO Michele**
**LEONARDO-Finmeccanica S.p.A., Naples, ITALY**
Manufacturing & Supply Chain Director
https://www.linkedin.com/in/michele-d-urso-63988868/?originalSubdomain=it

**Areas of expertise:** Electromagnetics

---

**FURFARO Roberto**
**The University of Arizona, US**
Professor at the Dept. Systems and Industrial Eng.,
Dept. Aerospace and Mechanical Eng.
Director of the Space Systems Engineering Lab.
Director of the Space Situational Awareness Arizona Initiative
https://ssel.arizona.edu/person/roberto-furfaro

**Areas of expertise:** Aerospace, Machine learning, Meta-learning

---

**HARRI Jérôme**
**EURECOM, Sophia Antipolis, FRANCE**
Professor at the Communication Systems Department
Head of the Connected Automated Transport System (CATS) team
https://www.eurecom.fr/en/people/haerri-jerome

**Areas of expertise:** Wireless vehicular communication and networking; Internet-of-things (IoT); Traffic Flow & Transportation Modeling; Positioning and localization; Control system optimization; ADAS and Cooperative ITS

---

**HOLZINGER Andreas**
**University of Natural Resources and Life Sciences, Vienna, AUSTRIA**
Professor for Digital Transformation
Head of Human-centered AI Lab
https://www.aholzinger.at/

**Areas of expertise:** Artificial Intelligence (AI), Machine Learning (ML), Human-centered AI, XAI, interactive ML

---

**MANDALARI Anna Maria**
**University College London, UK**
Assistant Professor, Dept. Electrical and Electronic Engineering
Honorary Research Fellow at the Institute for Security Science and Technology, Imperial College London
https://www.ucl.ac.uk/electronic-electrical-engineering/people/dr-anna-maria-mandalari

**Areas of expertise:** Internet of Things, privacy, security, networking and Internet measurement techniques

**MANDIC Danilo**
**Imperial College, London, UK**
Professor of Machine Intelligence
Communication and Signal Processing Research
Group
Department of Electrical and Electronic Engineering
https://www.commsp.ee.ic.ac.uk/~mandic/

**Areas of expertise:** Machine Intelligence, Brain-Computer interface, Signal processing, Machine Learning, Neural Networks

**PANGALLO Giovanni**
**STMicroelectronics, Catania, ITALY**
Senior Digital Design Engineer
General Purpose Microcontroller Division
https://www.linkedin.com/in/giovanni-pangallo-123235160/

**Areas of expertise**: Electronics, microcontrollers

**SCANDARIATO Riccardo**
**Hamburg University of Technology, GERMANY**
Professor, Head of the Institute of Software Security
https://scandariato.org/

**Areas of expertise:** Software vulnerability repair; Localization and prediction of software vulnerabilities; Localization of security features in application software; Generation of secure code; Model-based security and threat analysis; Usable security and privacy

**TOSO Giovanni**
**European Space Agency (ESA), Noordwijk, THE NETHERLANDS**
Senior Antenna Engineer
Antenna and Submillimeter Waves Section
**https://connectivity.esa.int/contacts/giovanni-toso**

**Areas of expertise:** Electromagnetics; Antennas; Multibeam antennas for satellite systems
